

FROM THE HILL

The end of the year at Collingrove Hillclimb was exciting as it can be.

It rained early and the track was slippery and hazardous. All hope of a good result of times faded with each shower.

All morning it was difficult and dangerous, however around midday the sun came out and times improved markedly.

Fun was had by most.

From a personal level, I finished up with 39.2. Alas, not my best of 38.4 from last month.

Still a successful year for a lot of our competitors in MX5's.

Next year will be awesome !

From the hill,

Biggles Bostock
