## A NICE DAY OUT

So they said, it was and more. The 6 Hour Regularity Event on Sunday 4th May 2014 was my first. Pretty well organized and supported, by our MX5 Club at least. Camaraderie and help was always there when needed.

I had an interesting day to say the least. Dicing with some pretty huge horsepower and experience was a little overwhelming at first, but I soon settled down to a steady speed, enough to keep my time at 1:34. Then on my 17<sup>th</sup> lap, my brand new clutch collapsed, my race was over.

I have a new clutch now, and ready for next time.

What have I learned? Prepare your car properly, go fast and smooth and depend on depend!!

That's motor racing.
