

MAZDA MX-5 CLUB OF SOUTH AUSTRALIA INC.

Mazda MX-5 Club of S.A. event ... but with a Holden Theme Run

To the National Motor Museum, Birdwood

Sunday, 18th April, 2021

Last year, we lost an icon of Australia.

Holden has been a part of Australia since 1856 and for many of us, whether you are a fan or not, Holden had a massive impact on all of us. While we have a love of the MX-5, many of us I'm sure will have fond memories of Holden, as a supporter, as an owner and maybe even as an employee.

Currently, The National Motor Museum has a very special collection of Holden's on display, one that is definitely worth seeing. On the 18th April, a short drive will be held from Thornton Park Carpark to the National Motor Museum at Birdwood.

The theme of the day also centres around the cars. If you own a Holden, bring it along. Of course, you still can come in your beloved MX-5's if you prefer. If you don't have a Holden but something associated with the brand, i.e. merchandise, memorabilia or photos etc., I encourage you to bring those along too. Two other Holden Car Clubs will have vehicles on display. Friends / Family with a holden vehicle are encouraged to be a member's guest and enjoy the day.

The museum will allow us to be on the grassed area adjacent to the museum and entry will be free of charge. A short run will be held on the day starting from the Thornton Park Carpark on Hamilton Street to the museum or you may wish to go direct to the Museum. This is a BYO picnic lunch, chairs, rug etc. The museum has a snack bar & the Bakery is adjacent. We look forward to seeing many of you there at Birdwood for a fun filled event.

We will also be having a special guest join us on the day!

Date: Sunday, 18th April, 2021
Start Point: Thornton National Park Carpark (5 Hamilton Terrace, Paradise, 5075) – 10.15am
RSVP: 8th April, 2021

RSVP by Thursday 8 April 21
